Dermot O'Leary explores the evacuation of Dunkirk and its impact on the outcome of WW 2.

Yeti

Channel 4

The Buildings That Fought Hitler

60 min Documentary

Presenter led a documentary, exploring the various structures left behind in the UK from WW2.

Hello Mary

Yesterday

Viking Warrior Women

60 min Documentary

Presenter-led documentary, which examines new archaeological research and demonstrates that Viking women stood toe to toe with men on the battlefield. Science and archaeology combine with Scandi-noir and cutting edge GFX to re-examine everything we thought we knew about the Vikings.

Wild Blue Media

National Geographic

Drain the Oceans: Armada

60 min Documentary

Fascinating historical documentary which unearths new insights into the Spanish Armada and its fate, using cutting edge GFX to provide a view of the wrecks that lie at the bottom of the sea.

Mallinson Sadler

National Geographic

Andrew Marr's History of the World

2 x 60 min Documentary

Andrew Marr travels the globe to present his take on world history. Viewers are transported back in time to witness the events and meet the people who have changed the course of human history. A largely drama-led series but also featuring original documentary footage from around the world.

BBC

Discovery, BBC1

Nazi Secrets: Evil on Trial

50 min Drama Documentary

This documentary gains an inside scoop with the secret recordings and interrogations of the Nazis who led the Third Reich with plenty of drama reconstructions. Rudolf Hess, the former deputy to Hitler, Albert Speer, the head of war production, and Hermann Goering, Hitler's designated successor, were captured, imprisoned, and sentenced during this chilling trial.

BBC

Discovery

Shackleton: Death or Glory

Raw TV

Discovery & PBS

60 min Documentary

A crew of six men, led by explorer Tim Jarvis, are about to attempt to follow in Shackleton's wake. Using exactly the same equipment and clothing used a century before, Tim and his crew will take themselves beyond the point of no return. Using their first hand extreme experience measured against historical accounts and contemporary scientific, meteorological and medical analysis they will unlock the secrets of Shackleton's survival, measure themselves against his heroic feat – or die in the process.

How the Universe Works

Pioneer Productions

Discovery

60 min Factual

Fascinating science documentary exploring the possibility of life existing elsewhere in the universe. Interviews with top experts lay bare the probabilities and theories regarding the search for life, illustrated by a combination of observational sequences and GFX.

V-Day

Pioneer Productions

Smithsonian

90 min Documentary

This feature length documentary takes a look at the history of volcanic eruptions on earth. Expert interviews are combined with archive, GFX and observational sequences to give a global picture of how volcanic activity influences the planet.

Fatal Attractions

Oxford Scientific Films

Animal Planet

45 min Documentary

The films look at the true stories of people who have decided to keep wild animals as pets and sometimes violent outcomes. The films examine the psychological reasons behind their choice of pet and the extent of self-delusion.

Goodnight Britain

Wall to Wall

BBC1

60 min Factual, Additional Editor

Part of the BBC's science season, this series investigates the subject of sleep. Ranges of experiments are carried out to identify whether scientists can improve people's sleeping habits.
