|   |                    |                   |
|---|--------------------|-------------------|
| <b>Big</b><br>60 min Factual, Additional Editor<br>10 part factual series presented by Richard Hammond. The series looks at huge engineering undertakings around the world and the nature of these structures and devices, the problems they were invented to overcome and the thinking that got them to be the way that they are.  | Chimp TV           | Discovery         |
| <b>Inside the Christmas Factory</b><br>60 min Factual, Additional Editor<br>Gregg Wallace and Cherry Healey investigate how some of our favourite festive foods are produced in Inside the Christmas Factory  | Voltage TV         | BBC2              |
| <b>Ancient Apocalypse</b><br>60 min Documentary<br>Every continent has its ruins. In this 6-part series, we uncover the exact reasons why some of history's greatest empires and civilisations have collapsed in the face of the world's greatest natural disasters. It's a lesson from history.  | World Media Rights | ZDFE              |
| <b>Steam Train Britain</b><br>2 x 47 min Factual<br>The Age of Steam was born in Britain, it was one of the greatest technological breakthroughs the world had ever seen. It lasted 130 years and then was gone. Lines were axed and steam was replaced by diesel and electric trains. Yet out of the ashes the steam lines rose again as enthusiasts re-opened old lines and fired up long silent steam engines. Today the heritage lines are thriving bringing the age of steam back to life and with it bringing joy to 8 million passengers every year. | Lion TV            | UKTV              |
| <b>Great Inventions</b><br>60 min Documentary<br>This series offers insight into all the things that we tend to take for granted in our modern civilization, such as batteries, cars and computer games, highlighting their history and their meaning for our lives in the past, present and future.  | World Media Rights | ZDFE              |
| <b>Monster Ships</b><br>45 min Documentary<br>Each episode of the series follows a particular sea-going vessel and provides an insight into the ship and its crew.  | Wag TV             | UKTV              |
| <b>How Do Animals Do That?</b><br>21 min Documentary<br>Animals are extraordinary, and they do seemingly impossible things that leave humans in absolute awe. Animal Planet will take audiences on a journey to find answers to some of the most asked questions about the animal world.  | Wag TV             | Animal Planet     |
| <b>How Do They Do It?</b><br>50 min Documentary<br>After watching this series you may never look at ordinary objects in the same way again. A tube of toothpaste? Car tires? Tea bags? A lot of technology goes into even the simplest of consumer goods, and this program offers viewers a glimpse at just what that entails.  | Wag TV             | Discovery Channel |
