Extraordinary People: The Baby with a new face

Argonon

Five

60 min Observational Documentary

This documentary is the story of one British medical team's attempt to rebuild Viet's face and offer him a future. Little Viet was born with one of the world's rarest facial deformities: a cleft palate and bilateral facial clefts. In the bone on each side of his face, the two-year-old has a two-inch gap, which will increase as he grows. His condition does not just affect the way he looks; it makes him blind in both eyes too. If Viet doesn't have surgery now, he will not be able to speak or eat properly – ever.

London: The inside story
