WORK FXPFRIFNCF

2012 - Current: Freelance Colourist/Online Editor.

Working for various clients including Fremantle, Evolutions, The Farm and many others. Recent highlights include The Apprentice, online campaigns for Porsche, Jaguar and Clarins, and documentaries for Al Jazeera and various TVCs.

2010-2012: Staff Online Editor/Colourist at Air Post Production, Shoreditch.

Working at a dynamic company such as Air meant I was involved in a wide variety of exciting content; ranging from BAFTA winning documentaries, cinematic features and music promos for Katy B, River Island and Cee Lo Green.

2008 - 2010: Senior Edit Assistant, Evolutions Post Production.

Being part of the assisting team at Evolutions meant I was able to learn a great deal from senior Editors and Colourists, whilst getting involved in very high profile formats such as Top Gear, The F Word and many more. My work in VT/QAR also gave me a solid grounding in broadcast standards & specifications, something I now find it invaluable in my work as an Online Editor.

2004 - 2008: Technical Runner/Edit assistant /Junior Editor;

Variously at Shepperton Post Production, Baraka, and Run VT. During my first few roles in the industry I learnt the fundamentals of Avid operation and support, as well as developing my VT/MCR skills and knowledge.
